EN3106 – Communication Skills II
Multiple Choice Question Paper

(ONE HOUR)

Important Instructions : **Instructions will be replaced using the new format**

- The duration of the paper is **1 (One)** hour.
- The medium of instruction and questions is English.
- The paper has 25 questions and 07 pages.
- All questions are of the MCQ (Multiple Choice Questions) type.
- All questions should be answered.
- Each question will have 5 (five) choices with one or more correct answers.
- All questions will carry equal marks.
- There will be a penalty for incorrect responses to discourage guessing.
- The mark given for a question will vary from 0 (All the incorrect choices are marked & no correct choices are marked) to +1 (All the correct choices are marked & no incorrect choices are marked).
- Answers should be marked on the special answer sheet provided.
- Note that questions appear on both sides of the paper.
- If a page is not printed, please inform the supervisor immediately.
- Mark the correct choices on the question paper first and then transfer them to the given answer sheet which will be machine marked. Please completely read and follow the instructions given on the other side of the answer sheet before you shade your correct choices.
- Calculators are not allowed.
- All Rights Reserved. This question paper can NOT be used without proper permission from the University of Colombo School of Computing.

1) Complete the sentence below by choosing the correct option(s).

Non-verbal cues in communication,

- (a) repeat the message the person is making verbally.
- (b) add to or complement a verbal message.
- (c) are the same from one culture to another.
- (d) can sometimes damage the connection and trust in a relationship.

- (d) Individuals should be allowed to test their skills to understand what they are capable of, and it is a good way of increasing self-efficacy.
- (e) Individuals demonstrating high extraversion sometimes cannot survive in jobs lacking social interaction.

4) Which of the following statements is/are **incorrect** regarding secondary sources of reading?

- (a) A secondary source includes original content.
- (b) Secondary sources can vary dependent upon the focus of the study.
- (c) A Secondary source includes first-hand accounts.
- (d) A Secondary source interprets another source.
- (e) Secondary sources include raw data, documents or objects created at the time of the study.

5) Which of the following is/are considered reading methods?

- | | | |
|-----------------------|------------------------|-----------------|
| (a) Speed reading | (b) Reflective reading | (c) SQ4R method |
| (d) Impulsive reading | (e) Browsing | |

- 6) Match the definition listed in Column A with the appropriate terms listed in Column B.

	Column A		Column B
(I)	An assessment of the practicality of a proposed project or system.	A	Proposal
(II)	An initial document that includes the title of a project, start and end dates, objectives and goals, requirements, and a descriptor of the proposed solution.	B	Specification
(III)	A series of formal documents that define the execution and control stages of a project.	C	Manual
(IV)	A technical communication document which is intended to give assistance to people using a particular system.	D	Progress Report
(V)	A set of documented requirements to be satisfied by a material, design, product, or service.	E	Feasibility Study
		F	Project Plan

- (a) (I)-(A), (II)-(E), (III)-(B), (IV)-(D), (V)-(F)
 (b) (I)-(E), (II)-(A), (III)-(F), (IV)-(C), (V)-(B)
 (c) (I)-(D), (II)-(F), (III)-(C), (IV)-(B), (V)-(E)
 (d) (I)-(D), (II)-(A), (III)-(C), (IV)-(B), (V)-(F)
 (e) (I)-(C), (II)-(D), (III)-(E), (IV)-(F), (V)-(A)

- 7) What is translated plagiarism?

- (a) Copying word to word textual information.
 (b) Restating the same content in different words.
 (c) Content translation and use without reference to original work.
 (d) Presenting same work using different media: text, images etc.
 (e) Using similar ideas which are not common knowledge.

- 8) Which of the following licenses is the most restricted use of a particular work?

(a)  (b)  (c) 

(d)  (e) 

- 9) Which of the following statement(s) is/are **false** with respect to technical writing?
- (a) Subjective and is based on emotional properties.

(b) Incorporates concise and rational statements or information.

(c) An error in technical writing can have serious consequences.

(d) Needs high precision.

(e) Contains actionable information.
- 10) Which of the following technical writing activity(ies) is/are performed by a farmer?
- (a) Prescription for medicine

(b) Fertilizing schedule and prescription

(c) Training guide for interns

(d) Structural design of a multi-story building

(e) Curriculum preparation
- 11) Which of the following is a/are method(s) of peer review in scientific writing?
- | | | |
|------------------------|---------------------------|----------------------|
| (a) Single blind | (b) Double blind | (c) Open peer review |
| (d) Closed peer review | (e) Disclosed peer review | |
- 12) Which of the following statements is/are true with respect to conciseness in technical writing?
- (a) Conciseness is avoiding all details.

(b) Concise documents include subjects only in outline.

(c) Conciseness can be achieved by replacing multiple words with a single word.

(d) Concise documents contain both graphical representations and text.

(e) Concise documents contain only textual representations.
- 13) Which of the following is an/are advantage(s) of double-blind reviewing?
- (a) The level of anonymity allows both reviewer and author to be protected against any criticism.

(b) Review is fair without much bias.

(c) Knowing the author would allow him to understand the background of work.

(d) Since references are not visible the reviewer has to be an expert of the domain

(e) Encourages accountability thus resulting in quality review process.
- 14) Which of the following is/are **not** an outcome(s) of the brainstorming session of the writing process?
- | | | |
|-------------------------------------|---|--------------|
| (a) The initial draft of a proposal | (b) Ideas | (c) Sketches |
| (d) Pointers to resources | (e) Phrases to make you recall an event | |

15) What is the correct number of rows and columns of the following LaTeX table, respectively?

```
\begin{table}[h!]  
\begin{tabular}{llllllllll}  
\hline  
25 & 33 & 44 & 89 & & \\\hline  
54 & 45 & 35 & 41 & & \\\hline  
36 & 25 & 55 & 19 & & \\\hline  
& & & & & \\\hline  
\end{tabular}  
\end{table}
```

- | | | |
|----------|----------|----------|
| (a) 5, 3 | (b) 4, 4 | (c) 4, 5 |
| (d) 3, 4 | (e) 4, 3 | |

16) What is the correct method of passing the size of the paper into a LaTeX document?

- | |
|---|
| (a) <code>\begin{document}[a4paper]</code> |
| (b) <code>\begin{article}[a4paper]</code> |
| (c) <code>\documentclass[a4paper]{article}</code> |
| (d) <code>\begin[a4paper]{document}</code> |
| (e) <code>\documentclass{article}[a4paper]</code> |

17) Which of the following LaTeX command is used to create a title page of a document?

- | | | |
|-----------------------------|--------------------------------|-------------------------|
| (a) <code>\titlepage</code> | (b) <code>\maketitle</code> | (c) <code>\title</code> |
| (d) <code>\pagetitle</code> | (e) <code>\begin{title}</code> | |

18) Suppose you were asked to compare the temperature variation in the central and western provinces in Sri Lanka monthly over one year.

Identify the best chart(s) that can be used for the above purpose.

- | | | |
|------------|----------|--------------|
| (a) Pie | (b) Bar | (c) Heat map |
| (d) Column | (e) Area | |

19) Consider the following statements.

- I. A waterfall chart helps one understand how an initial value can be affected by the cumulative effect of sequentially introduced positive or negative values.
- II. A bar chart need not always have a zero-value baseline.
- III. A scatter plot can visually display the composition of data between variables.

Which of the above statements is/are correct regarding different data visualization techniques used in technical writing?

- | | | |
|-------------------------|--------------------------|------------------------|
| (a) (I) Only. | (b) (II) Only. | (c) (I) and (II) Only. |
| (d) (I) and (III) Only. | (e) (II) and (III) Only. | |

20) Identify the correct statement(s) in placing figures in a technical document.

- (a) Every figure included in the document should have a caption and a consecutive number.
- (b) The figure should appear before its first callout and not after.
- (c) The caption formatting and alignment should be unique for all figures included in the document.
- (d) Copyrighted figures and images can be used in a document without any issue.
- (e) Section or a chapter should always be ended using a discussion and should not be ended soon after placing the figure caption.

21) Which of the following is/are considered as (a) best practice(s) in data visualization?

- (a) Adding 3D elements and excessive gridlines are a few techniques to declutter a chart.
- (b) Data values should always be placed on top of the slices when using pie charts to increase readability.
- (c) Smoothed or excessively thick lines should be avoided in a line chart as these may misrepresent the actual data since they obscure the accurate marker positions.
- (d) One dataset cannot be represented using different charts and graphs. Hence identifying the correct chart is essential.
- (e) Choose a suitable color palette based on the chart type, and this selection may vary from one chart to another.

22) Fill in the blank using the most appropriate sentence(s) given below.

In writing technical documents, one should use

- I. simple text where appropriate to visualize data.
- II. fewer tables as it is difficult to interpret data in a tabular form.
- III. as many figures, graphs and images as possible than text to convey the message clearly to the reader.

Identify the correct answer.

- | | | |
|--------------------------|--------------------------|-----------------|
| (a) (I) Only. | (b) (II) Only. | (c) (III) Only. |
| (d) (II) and (III) Only. | (e) (I), (II) and (III). | |

23) Which of the following is a/are key attribute(s) of successful teamwork?

- (a) Interdependence
- (b) Open communication
- (c) Commitment to team success
- (d) Independence of team members
- (e) Appropriate team composition

24) Which of the following is/are considered as (a) stage(s) of team building?

- | | | |
|--------------|----------------|----------------|
| (a) Norming | (b) Perfecting | (c) Adjourning |
| (d) Storming | (e) Forming | |

25) Which of the following is/are **not** considered as (a) type(s) of organizational culture?

- | | | |
|-----------------|-------------------|----------------|
| (a) Creative | (b) Constructive | (c) Controlled |
| (d) Competitive | (e) Collaborative | |
