EN3106 — Communication Skills II

Multiple Choice Question Paper
(1 Hour)

Important Instructions

- The duration of the paper is **1 Hour**.
- The medium of instructions and questions is English.
- This paper has **20 questions** on **6 pages**. Answer **all** questions.
- All questions are of the **MCQ** (Multiple Choice Questions) type.
- Each question will have **5 (five)** choices with **ONE OR MORE** correct answers.
- This paper consists of 100 marks and all the questions will carry equal marks.
- There will be a penalty for incorrect responses to discourage guessing.
- The mark given for a question will vary from -1 (All the incorrect choices are marked & no correct choices are marked) to +1 (All the correct choices are marked & no incorrect choices are marked). However, **the minimum mark per question would be zero**.
- Answers should be marked on the **special answer sheet** provided.
- Note that questions appear on both sides of the paper. If a page or part of a page is not printed, please inform the supervisor/invigilator immediately.
- Mark the correct choices on the question paper first and then transfer them to the given answer sheet which will be machine marked. **Please completely read and follow the instructions given on the other side of the answer sheet before you shade your correct choices.**
- Any electronic device capable of storing and retrieving text, including electronic dictionaries, smartwatches, and mobile phones, is not allowed.
- Calculators are **not** allowed.
- *All Rights Reserved.* This question paper can NOT be used without proper permission from the University of Colombo School of Computing.

1). Which of the following is/are (a) component/s of effective verbal communication?

- | | | |
|----------------------|------------------------|---------------------|
| a). Active listening | b). Filler words | c). Computer jargon |
| d). Interruption | e). Complex vocabulary | |

2). Consider the following statements.

- | |
|--|
| a). Online collaborative tools are primarily designed for in-person meetings rather than remote work. |
| b). Tools like GSuite and Evernote are used to simplify the process of maintaining the documents. |
| c). Online collaborative tools eliminate the need for communication within a team. |
| d). Google Docs and Microsoft Teams are examples of tools that do not support real-time collaboration. |
| e). Online collaborative tools are ineffective for teams working across different time zones. |

- 18). Match the descriptions in Column A with the most suitable graphs in Column B to represent the data effectively.

	Column A		Column B
(I)	Ideal for illustrating the proportion of categories within a whole, such as depicting the percentage distribution of a budget.	A	Bar Graph
(II)	Useful for illustrating relationships between two continuous variables, such as exploring the correlation between advertising spend and sales revenue.	B	Pie Chart
(III)	Best used for comparing categorical data across multiple groups, such as comparing performance.	C	Line Graph
(IV)	Suitable for displaying trends or changes over time, such as tracking temperature changes over a year.	D	Scatter Plot

- a). (I)-(B), (II)-(D), (III)-(C), (IV)-(A)
- b). (I)-(B), (II)-(A), (III)-(D), (IV)-(C)
- c). (I)-(D), (II)-(A), (III)-(C), (IV)-(B)
- d). (I)-(B), (II)-(D), (III)-(A), (IV)-(C)
- e). (I)-(C), (II)-(D), (III)-(A), (IV)-(B)

- 19). Which of the following technique(s) is/are most effective in presenting clean and uncluttered graphs for clear communication?

- a). Including as many data points and labels as possible to provide full detail.
- b). Using minimal color and ensuring that only relevant data is displayed.
- c). Overloading the graph with various chart types and styles.
- d). Using complex grids and excessive background images.
- e). Simplifying the graph by removing unnecessary axes or legend elements.

- 20). Which of the following statements best highlights the difference between a group and a team?

- a). A group always works collaboratively, while a team functions independently.
- b). A group consists of individuals with aligned goals, while a team includes people working on unrelated tasks.
- c). A group focuses on task completion, while a team emphasizes social interaction.
- d). Teams lack mutual understanding among members, unlike groups where strong interpersonal bonds exist.
- e). A team emphasizes synergy and collective responsibility, while a group focuses on individual contributions toward separate goals.
